5 Point Harness Cover - Llamas 2880-6511-121		5 Point Harness Cover - Planets 2880-6511-036	

Hand Strap

Wrist safety tether strap

2005-6930-000

Swivel Lock

To hold castors straight when brisk walking

For all sizes
2880-8440-000

Cobra Indoor Base

Cobra Hi-Low Indoor Frame with 75mm Twin Castors

The seat unit of the BINGO Evo easily transfers out of the stroller base and into the Cobra indoor base for feeding and activity times. Lower down the floor for playing and activities, and raise up to a table for meal time! Tilt settings can still be adjusted in the same way as the stroller base.

Size 1
2880-8711-000

Size 2 & 3
2880-8721-000

Separate Seat Unit

Use with Cobra Base

Separate seat unit for use with the Cobra Base if a combined stroller and seat unit is not purchased. This is also a great option if two seat units are preferred to avoid swapping the seat unit between the stroller and Cobra bases. Must be purchased with upholstery.

Size 1
2881-0011-000

Size 2
2882-0012-000

Size 3
2883-0013-000

Twin Bingo Stroller

Connection mount that allows two strollers to be connected one in front of the other for an additional sibling. The strollers are able to be easily detached and used separately where required, providing flexibility when travelling with or without siblings.

This is not available for use with a size 3 Bingo Evo. This can be used to connect either: bases of the same size (and corresponding sized Bingo Spex strollers), or the Bingo Mini and Evo Size 1. It is not suitable for use between any other size combinations. Please fill out an additional script form to order the 2nd stroller unit with a unique configuration and accessories.

Please note that this can only be fitted at the time of ordering both stroller units. (Medifab cannot retrofit this attachment).

2880-8630-000

Attendant Brake
Recommended for purchase with Twin Stroller configuration due to the increased combined weight and inertia when both strollers are connected.
2880-8452-000
