

BINGO Switch Stroller Frame

Tackle new activities and take on new adventures with the Bingo Switch, our most versatile stroller frame ever!

The stroller for every adventure

Interchangeable Front End:

This innovative design opens the door to a range of options, allowing customisation to suit your needs.

Available for Bingo Mini, Bingo Evo and Bingo Spex Strollers.

Transportable:
Lightweight and with a compact folding size, Bingo Switch is the most convenient off-road stroller imaginable!

Quick Change:
Quick release mechanisms make adjusting the frame simple.

Swivelling Front Wheel Attachment:

At the heart of this innovative new design lies an interchangeable front end, a unique feature which eliminates the need to purchase multiple bases. Use the standard wheels for everyday journeys or quickly switch in the third wheel for off-road expeditions, delivering a safe, secure experience across all terrain.

Mini/Size 1: 2884-9571-000

Size 2: 2884-9572-000

DESIGNED FOR ULTIMATE EASE-OF-USE

The Bingo Switch builds on the proven features of the much-loved Evo and Spex strollers and elevates them to a whole new level. Lightweight, compact and easy to fold, it includes an innovative front end design, providing unmatched versatility. Whether you're interested in taking the adventure off road, or have a growing family which need to travel together, the Bingo Switch will serve you for years to come.

VERSATILE BASE

The **versatile base** can be adapted for different environments, ensuring one stroller can now meet all of your needs.

Size	Code	Specifications & Accessories

2 (Bingo Spex Switch)	2884-1002-500	

BINGO Switch Sibling Seat Carrier

The Sibling Seat Carrier is a clever front-wheel accessory for the BINGO Switch stroller frame which is designed to carry a second seat. Compatible with phil&teds® products, including the universal car seat adaptor and the voyager™ double kit™, this innovative add-on is a game-changer for families with both a child with additional needs and a typically developing sibling.

Extend your adventure, together

TWO SIZE OPTIONS

BINGO Switch Add-On for Sibling Seat:

- **Size 1** (Mini, Size 1): 2884-4101-000
- **Size 2** (Sizes 2 & 3): 2884-4103-000

Quick-Release Frame Attachment:
Easy to connect and disconnect.

Solid PU Castors for a smooth ride with low maintenance.

INDEPENDENT SEAT

ORIENTATION

The BINGO seat and the extra sibling seat can be turned independently to face either the parent or for forward travel. One child could face forwards and the other could be parent-facing for sibling engagement.
