

Protect the Hands

- Optional rubber grip pad provides excellent friction to save having to grip the wheels tight.
- Rugged enough to push directly onto the tyres rather than having to use the outer propelling rings.

Wheelchair Push Mitts

A comfortable suede leather push mitt to facilitate those with poor hand control when propelling manual wheelchairs. Easy-fit design with finger loop attachment enables the user to put the mitts on and off by themselves.

SIZE	CODE	DIMENSIONS WHEN MITT IS OPENED FLAT
SMALL	8302-0021-240	27 cm
MEDIUM	8302-0022-240	29 cm
LARGE	8302-0023-240	31 cm

Assistive Rehabilitation

- Exercising is essential to assist with recovery, and to build strength after illness or injury.
- Exercise weight gloves assist with safely gripping exercise equipment where hand function is compromised.

Exercise Weight Gloves

A comfortable and robust suede leather glove to assist those with poor hand control when exercising using pulleys and weights.

Strong metal 'D' rings with easily fastened Velcro® straps enable attachments to be made with ease.
