**C-ME** No more waiting around or driving at a reduced speed when elevated. C-Me enables you to elevate up to 12" while traveling up to 5 kph! You can lift or descend at the touch of a button with no need to stop while transitioning. Just rise-up and go at the same time!

## DESIGN AND APPEARANCE

### DISTINGUISHED STYLE

With the Q-Series, we've taken style to the next level. With a matt-black chassis finish, hidden wiring and components combined with sharp-tailored upholstery, it's a sleek and a contemporary design with a variety of colours to choose from.

\*Q400: ● ● ● ● ●

\*Q300: ● ● ● ●

### FANCY A CHANGE?

A choice of contemporary colour inlays to perfectly complement its striking matt-black bodywork.

Simply replace the colour inlays. Styling your powered wheelchair has never been so simple.

\* The number of colours available may differ depending on the seat and base combination.

## CONTROLS AND CONNECTIVITY

### VR2 & R-NET

#### ADVANCED JOYSTICKS

The QUICKIE Q-Series wheelchairs come with the reliable VR2 control or the superior R-Net advanced joystick. A large, easy-to-read HD display and simple to control paddle switches allow for intuitive operation. (Depends on model).

## ALTERNATIVE CONTROLS

### SWITCH-IT

#### INNOVATIVE CONTROLS

Conveniently access your 5 programmable positions with the Ctrl+5 - a perfect combination with Memory Seating (Memory Seating with SEDEO ERGO and SEDEO ERGO UP only). It allows you to go straight to the function you need at the touch of a button.

### LINK-IT

#### MOUNTING SYSTEM

Need to use additional switches or special controls? No problem, easily connect them using the universal Link-It mounting system.
